DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 24-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As set forth previously, claims 24-27 are vague and indefinite due to the language of "disposing a member to be in contact with said core member." This language is vague because the language of "disposing" does not adequately describe the processing steps that constitute the placing of said member. Additionally, the language of "to be in contact with" is vague also. Furthermore, this "member" is not defined. Accordingly, the metes and bounds for which patent protection is being sought are not clear.

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 10-11, 13-14, 16, and 20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Litman 5,988,500 and 6,053,406 (referred to collectively as Litman '500), for reasons of record.
3. Claims 17-19 and 21 are rejected under 35 U.S.C. 103(a) as being unpatentable over Litman 5,988,500 and 6,053,406 (collectively referred to as Litman '500), as

applied above to claims 10-11, 13-14, 16, and 20, in view of Dames et al, 5,614,824 (Dames), for reasons of record.

Response to Arguments

4. Applicant's arguments filed September 15, 2006 have been fully considered but they are not persuasive.

In particular, applicants' amendment of "whereby said security thread forms a loop in use" is drawn to the future intended use of the security thread and adds no patentable weight to the instant claims.

Allowable Subject Matter

5. Claims 12, 15, and 22-23 are allowed over the prior art of record.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

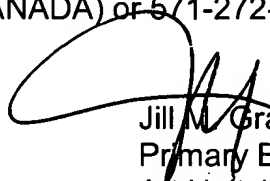

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
